### Amendment To Metro Charter

Section 1. Section 5 of the Metro Charter is amended to add the following provisions:

(4) Protection of Livability of Existing Neighborhoods

(a) Livability Protection. The Regional Framework Plan shall include measures to protect the livability of existing neighborhoods taking into consideration air pollution, water pollution, noise, and crime as well as provision of an adequate level of police, fire, transportation and emergency services, public utilities, and access to parks, open space and neighborhood services.

(b) Density Increase Prohibited. Neither the Regional Framework Plan nor any Metro ordinance adopted to implement the plan shall require an increase in the density of single-family neighborhoods within the existing urban growth boundary identified in the plan solely as Inner or Outer Neighborhoods.

(c) Report on Effects of Proposed Urban Growth Boundary Amendment. Prior to approving any amendment or amendments of the urban growth boundary in excess of 100 acres the Council shall prepare a report on the effect of the proposed amendments on existing residential neighborhoods. Copies of the completed report shall be provided to all households located within one mile of the proposed urban growth boundary amendment area and to all cities and counties within the district. The report shall address:

- i. Traffic patterns and any resulting increase in traffic congestion, commute times and air quality.
- ii. Whether parks and openspace protection in the area to be added will benefit existing residents of the district as well as future residents of the added territory.
- iii. The cost impacts on existing residents of providing needed public services and public infrastructure to the area to be added.

(d) Implementation. The Metro Council shall implement the requirements contained in Subsections a, b, and c within one year of adoption thereof.

## Section 2

- (a) The amendments to the Metro Charter for which provision is made in this measure shall be paramount, shall take effect and shall have precedence over the amendments to the Metro Charter proposed in Ballot Measure 26-11 if both measures are approved at the Oregon primary election conducted on May 21, 2002, and the number of affirmative votes cast for this measure is greater than the number of affirmative votes cast for Ballot Measure 26-11. In such event, Ballot Measure 26-11 shall not become effective.
- (b) The amendments to the Metro Charter for which provision is made in Ballot Measure 26-11 shall be paramount, shall take effect and shall have precedence over the amendments to the Metro Charter proposed in this measure if both measures are approved at the Oregon primary election conducted on May 21, 2002, and the number of affirmative votes cast for Ballot Measure 26-11 is greater than the number of affirmative votes cast for this measure. In such event, this measure shall not become effective.

## Section 3

- (a) Subsection 4(b) of Section 5 of the Metro Charter of this Measure is repealed on June 30, 2015 unless at the general election held in 2014, a majority of the electors voting on the question of whether or not to retain Subsection 4(b) of Section 5 of the Metro Charter as part of the Metro Charter vote to retain the subsection. If the electors vote to retain the subsection, Subsection 4(b) of Section 5 of the Metro Charter of this measure shall remain in effect. If a majority of the electors do not vote to retain Subsection 4(b) of Section 5 of the Metro Charter of this measure, then that subsection is repealed on June 30, 2015.
- (b) By appropriate action of the Metro Council, the question described in subsection (a) of this section shall be submitted to the people for their decision at the general election held in 2014.
- (c) This section is repealed on January 1, 2016.
